

Product sample

Product Description

Automatic milk powder tin can filling and sealing machine: it is designed for tin can metering filling and sealing, suitable for various kinds of powder and granular products into bottles/cans, such as, Milk powder, Chinese / Western medicine powder, food powder and chemical powder etc.

Product advantages

1. Filling machine → capping machine (or sealing machine) → bottle aluminum foil sealing machine → labeling machine → inkjet machine → Chain conveyor belt → packing platform, according to the requirements of the product selection pipeline configuration;
2. The entire production line of the machine for the appearance of all stainless steel, all the machinery structure are in accordance with the selection of food and drug hygiene standards;
3. The whole line of equipment according to GMP standard design, fully meet the national food and drug health requirements. The real line of the fully automated action to ensure that the entire production process will not contact the product staff, the production process is completely transparent and more reliable;
4. And the material in contact with the inner wall of the container are polished, often wash the structure of the use of easy to split pieces of connection to ensure that shift or change the product when dealing with hygienic convenience;

5. To the factory site survey, field design the best production program; free production line of other aspects of technical support.

Product specification

Model	JYT-FJ1
Production capacity	30-60 bottles/min.
Material	304 SST
Package weight	100~5000g
Packaging accuracy	100~5000g
Total power	2.3KW
Power supply	380V,50-60Hz
Weight	280KG
Dimension	850(L)*1200(W)*1800(H)mm

Payment

You can pay by 100% T/T, Ali-pay, 70% L/C at sight would be available for qualified bank.

Logistics

It can be shipped by terms of Ex-work, FCA,FOB,CNF,CIF by sea or by air DHL, UPS, FedEx, TNT, EMS etc based on the buyer's forwarder or ours.

FAQ

Q1.Are you a manufacturer?

A1: Yes, we are an experienced manufacturer with our own brand and production lines.

Q2.How about quality of products?

A2: Our technicians and QC teams test the products one by one using aging line, professional devices and instruments to ensure the quality for all products.

Q3.How about price?

A3: We are a manufacturer and always offer our customers the most competitive prices.

Q4.How to place an order?

A4: Contact with online service, or sent email to us directly, we will reply to you with product price, specifications, packing etc. soon. Thank you.

Q5.May I send samples to you testing?

A5: Yes! You are welcome to send us your products to test by our machine.

Q6.Can I visit your factory?

A6: Yes, welcome to visit our factory at your convenient time.
