Our Company

Foshan Jiayite Packaging Machinery Co., Ltd. is a professional and reliable manufacturer of bottle filling machine, capping machine, labeling machine and pouch packing machine . We are providing quality packing solutions for bottle filling and packing in the industries of home care and personal care , foodstuff, agrochemical , chemical and lubricate oil for liquids, cream/ointment, fluid and half-fluid, powders, and granules products. With years experience and development, We have Obtained ISO9001 quality management system authentication and parts of our products have passed CE mauthentication.

Our Advantage ●

On-site installation, commissioning and training

Specially customized based on actual situation

High automation, simple operation and labor saving

Life long technical service support

Product Description

Automatic suns packing plant requires you to only feed the cans,caps with tobacco, white

snus,CBD,nicotine powder etc. The entire packing line is operated with the help of the following components.

The Snus packing line begins at the cap sorting unit, and it is designed to feed the caps along with a vertical layout. These caps are then transferred to the cap conveyor, which is connected to the Snus packing machine.

The snus packaging machine inserts the tobacco snus,white nicotine powder, CBD inside pouches according to the weight settings,and these pouches are packed inside cans.

An indexing table is used to input a defined number of pouches within each can. After the can is filled with pouches, the conveyor belt transfers it to the cap closing unit, where all the cans from multiple Snus packing machines are capped. Thus this section equals to a setup of automatic pouch packaging machines.

Next, they are sent to the labelling machines, which wrap the sealed cans with your brand labels, dates, and other information. Thus, at the end of the packaging line, you will get the finished product that is ready to be shipped.

Product specification

Model	JYT-250X
Film Width	Max 250mm
Bag length and width	L:45~190mm or 90-330mm; W:30-110mm
Product height	Max 40/70mm
Packing speed	40-230bags/min
Motor Power	220V,60 HZ,2.4KW
Machine Size	3920*670*1320mm
Machine Weight	420KG

Payment

You can pay by 100% T/T, Ali-pay, 70% L/C at sight would be available for qualified bank.

Logistics

It can be shipped by terms of Ex-work, FCA,FOB,CNF,CIF by sea or by air DHL, UPS, FedEx, TNT, EMS etc based on the buyer's forwarder or ours.
