## INTRODUCTION

Professional team to provide customers with machine customization services

## OPTIONAL EQUIPMENT

Main Features 1. The variable frequency variable speed system is installed to regulate production rate. 2. The precise indexer helps achieve accurate turnplate positioning. 3. To

reduce the labour intensity, this spout pouch filling and capping machine is engineered with automatic pouch feeding mechanism. 4. The machine adopts special metering device to ensure accurate filling amount. 5. Liquid splashing and bubbling can be avoided by virtue of the vacuum and insert-type liquid filling. 6. This spout pouch filling machine comes with automatic adjustable cap handling and tightening device, ensuring the cap is firmly tightened up. 7. In addition to the automatic standing pouch unloading device, the pouch capping equipment is installed with organic glass screen for high safety.

Production capacity	3000-9000bags/hour
Measuring range	60-300ml (Can be customized)
Bag size	≤120mm(W)x260mm(L)
Machine size	3400(L)*3900(W)* 2100(H)mm
Power	380V, 50/60Hz
Air consumption	0.5-0.7Mpa
Machine weight	3050kg

SIEMENS

FESTO

Schneider  
Electric

MITSUBISHI  
ELECTRIC

The machine is equipped with PLC, inverter, transformer and other electrical components to ensure the stable operation of the machine and reduce the failure rate. Electrical components can be customized and upgraded according to customer needs.

## SHOW DETAILS

Strict quality control system, the quality of the machine is stable and reliable

### **Professional and strong team**

A professional team can provide customers with various packaging solutions, after understanding customer needs, we provide customers with suitable packaging solutions, and then start to produce machines. We have standardized production workshops and use branded electrical components to ensure reliable machine quality.

1. Set a strategy

2. Design drawings

3. Machine production

4. Quality Inspection

5. Factory acceptance

6. Packaged and shipped

Professional engineers provide technical support to customers.

## ABOUT US

We have more than **120** professional staff

### JYT MACHINERY

PACKAGING EQUIPMENT MANUFACTURER

- **9** years of brand
- **20** technical team
- **4510m<sup>2</sup>** production plant
- **80** machine models for choice

Foshan Jayant Packaging Machinery Co., Ltd. is a professional and reliable manufacturer of bottle filling machine, capping machine, labeling machine and pouch packing machine. We are providing quality packing solutions for bottle filling and packing in the industries of home care and personal care, foodstuff, agrochemical, chemical and lubricate oil for liquids, cream/ointment, fluid and half-fluid, powders, and granules products.

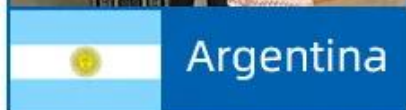

## WORKSHOP

We have **4510m<sup>2</sup>** standardized production workshop

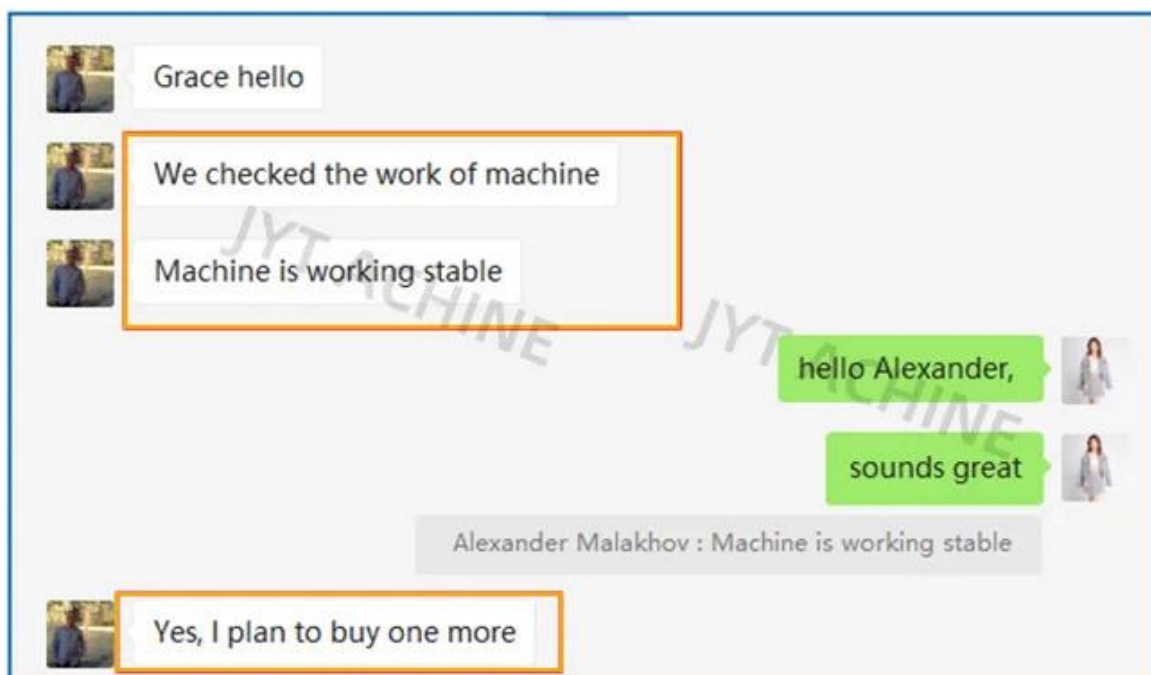

## OUR CLIENT

Our customers are located in more than 50 countries and regions around the world

With numerous domestic service technicians and engineers

## SHIPPED

Strict packaging and delivery process

Clean and film up after adjustment

Pack in wooden case

Loading and deliver

## FAQ

Q1.Are you a manufacturer? A1: Yes, we are an experienced manufacturer with our own brand and production lines, welcome to visit our factory at your convenient time.

Q2.How about quality of products? A2: Our technicians and QC teams test the products one by one using aging line, professional devices and instruments to ensure the quality for all products.

Q3.How about price? A3: We are a manufacturer and always offer our customers the most competitive prices.

Q4.How to place an order? A4: Contact with online service, or sent email to us directly, we will reply to you with product price, specifications, packing etc. soon. Thank you.

Q5.May I send samples to you testing? A5: Yes! You are welcome to send us your products to test by our machine.

Q6: How long is your delivery time? A6: Generally it is 5-10 days if the goods are in stock. or it is 15-30 days if the goods are not in stock.
