

Increase Your Production Efficiency with Our Rotary Cup Filling and Sealing Machine

Product Detail

Product Sample

Product Advantages

1 Increased Efficiency: Our Rotary cup filling and sealing machine can significantly increase the production efficiency of your business by filling and sealing cups quickly and accurately.

2 Versatility: Our machine can handle various cup sizes and materials, providing you with versatility in your packaging needs.

3 Consistent Product Quality: With precise filling and sealing capabilities, our machine can ensure that each cup is filled and sealed consistently, providing a reliable and consistent product quality.

4 Customizable: We understand that each business has unique packaging needs. That is why our Rotary cup filling and sealing machine is customizable to meet your specific requirements.

5 Reduced Manual Labor: Our automated machine reduces the need for manual labor, minimizing the risks of worker fatigue and errors, and ultimately increasing safety and productivity.

6 Durable and Long-Lasting: Made with high-quality materials and reliable components, our machine is built to last, providing you with long-term use and savings.

Product specification

Model	JYT-1800
Cup diameter	Customized
Working speed	1600-1800cups/h
Filling volume	According to the cup volume
Machine dimension	130x160x170cm
Air pressure	0.5-0.7Mpa
Machine weight	480kg
Power	110V/220V380V
Voltage	1.6kw

Payment

You can pay by 100% T/T, Ali-pay, 70% L/C at sight would be available for qualified bank.

Company profile
