Product advantages

1. [Screw packing machine supplier](#), The vibratory bowl and precise counting control system are customized according to the parts. Ensure the precision quantity of each bags.
2. Mitsubishi PLC control, and there is English touchable human-machine operation interface, it is easy to operate. High degree of automation.
3. Stainless steel structure, it is only necessary to set the needed parameters at the display screen, the control system can automatically optimize and match with the actions, realizing the optimal packing speed.
4. Control by intelligent temperature controller, which guarantee that the sealing has good appearance and flatness.
5. JYT advanced programmable control system, ensure the machine running stable and reliable with easy operation.
6. Machine equip with safety protection device for each dangerous parts, ensure the safety operation.
7. Parts counting, bag making, filling, sealing, and bags counting can be done automatically.

Product specification

Model	JYT-260LS
Packaging speed	30-40 bags/min
Bag length	40~180mm
Bag width	50~130mm
Size	1100*755*1540mm(L*W*H)
Weight	300kg
Power	220V,50/60HZ,1.2KVA

Payment

You can pay by 100% T/T, Ali-pay, 70% L/C at sight would be available for qualified bank.

Logistics

It can be shipped by terms of Ex-work, FCA,FOB,CNF,CIF by sea or by air DHL, UPS, FedEx, TNT, EMS etc based on the buyer's forwarder or ours.
